If inspection is required at Seller's facility, Seller shall provide without additional cost all reasonable facilities therefore and for the protection of Buyer's or its customer's personnel while on Seller's premises. Acceptance does not of itself impair any other legal or equitable remedy for non-conformity. Acceptance may be revoked if it was made with the reasonable assumption that any non-conformity would be cured, the non-conformity was difficult to discover before acceptance, or is otherwise permitted by law or equity. Revocation of acceptance is equivalent to rejection. Upon rejection the buyer may, at its option, and in addition to any other available recourse, return at seller's cost the supplies (a) for a complete credit, (b) repair and return at no increase in price and on buyer's schedule, or (c) an exchange on buyer's schedule.

If seller fails promptly to remove such supplies or lots of supplies that are required to be removed, or promptly to replace or correct such supplies or lots of supplies, buyer either (1) may by contract or otherwise replace or correct such supplies and charge to seller the cost occasioned to buyer thereby, or (2) may terminate this contract for default; and in either event may charge seller the costs of damages occasioned to buyer thereby. Unless seller corrects or replaces such supplies within the delivery schedule, buyer may require the delivery of such supplies at a reduction in price that is equitable under the circumstances. To defray the cost of shipping and handling, a service charge on rejected items will be billed to seller.

**19. CHANGES**

Buyer shall have the right to make changes in this order provided the changes are the kind that seller makes for other buyers. If any such change affects delivery or amount to be paid by buyer, seller shall notify buyer immediately. Any claim for adjustment shall be submitted within 15 days from date of receipt by seller of notification of change. No additional charge will be allowed unless authorized by buyer in writing. Any change in this order shall be authorized only by a Change Order hereto duly executed by the buyer.

- (b) If this Order is so terminated, Seller shall submit a final termination settlement proposal to the Buyer. The Seller shall submit the proposal promptly but no later than six (6) months from the effective date of the termination. The amount will be determined in accordance with FAR Clause 52.249-6 in effect on the date of the prime contract.
- (c) Seller shall transfer title and deliver to Buyer, in the manner and to the extent requested in writing by Buyer at or after termination such complete articles, partially completed articles and materials, parts, tools, dies, patterns, jigs, fixtures, plans, drawings, information and contract rights as Seller has produced or acquired for the performance of the terminated part of this Order, and Buyer will pay Seller the contract price for complete articles delivered to and accepted by Buyer and the fair value of the other property of Seller so requested and delivered.
- (d) Seller shall continue performance of this Order to the extent not terminated. Buyer shall have no obligations to Seller with respect to the terminated part of this Order except as herein provided. In case of Seller's default, Buyer's rights as set forth herein shall be in addition to Buyer's other rights although not set forth in this Order.

Upon such termination, buyer may procure, upon such terms as it shall deem appropriate, supplies similar to those so terminated, in which case seller shall continue performance of this order to the extent not terminated and shall be liable to buyer for any excess cost for such similar supplies. As an alternate remedy, and in lieu of termination for default, buyer, at its sole discretion, may elect (1) to extend the contract delivery schedule, and/or (2) to waive other deficiencies in seller’s performance, in which case an equitable reduction in the Purchase Order price shall be negotiated. If the failure to perform is caused by the default of a subcontractor at any tier and if such default arises out of causes beyond the control of both seller and subcontractor and without the fault or negligence of either of them, seller shall not be liable for any excess costs for the failure to perform, unless the supplies or services to be furnished by subcontractor were obtainable from other sources in sufficient time to permit seller to meet the required delivery schedule. The rights and remedies of the buyer provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by this order or by law or equity. Failure of buyer to insist on strict performance shall not constitute a waiver of any of the provisions of this order or waiver of any other default of seller.

**22. STOP-WORK ORDER**

Buyer may, at any time, by written notice to seller, require seller to stop all or part of the work or delivery of supplies called for by this order for a period of up to ninety days and for any additional agreed period (Time Period). Buyer will, prior to the end of the Time Period, either cancel the stop work order or terminate this order in whole or in part as permitted by this order. If a Stop-Work Order is issued, buyer shall modify the delivery schedule and/or price in this order as buyer deems equitable under the circumstances, provided seller requests such change within fifteen days of the end of the Time Period.

**23. TERMINATION FOR CONVENIENCE**

For its own best interest, Buyer reserves the right to terminate this contract, in whole or in part, by written notice of termination for

convenience to Seller. If the contract is so terminated, the parties, duties and obligations, including Seller's compensation, shall be equitably negotiated between Buyer and Seller.
